Conference Goals & Objectives

Participants will be able to:

1. Describe the process of evidence collection for a sexual assault victim in the emergency department.
2. Discuss the appropriate method for disclosure of medical errors.
3. Identify the factors that make medical errors criminal.
4. List three methods for improving medication administration safety.
5. Discuss the process of a medical trial.

This conference is designed to present topics of interest for all participants from novice to expert.
